We challenge you to explore the back country roads around Woodstock on a bicycle. You will see and hear things you miss from inside a car. Breathe in the air, smell the flowers, leaves and grass. Be smart when you ride: wear a helmet, obey the rules of the road, pay attention to the traffic and road conditions. The routes selected for the Elevation Challenge are physically demanding and the scenery is gorgeous. We hope you rise to the challenge and complete them all.

Keep track of the days you complete each ride. When you are done, bring your log sheet into Elevation Clothing in Woodstock and we will give you a VERY cool sticker and enter you into the official records of completing the challenge, posted to www.bikewoodstock.com. PLUS you will get coupons to redeem at Elevation Clothing and at the Worthy Kitchen. We are committed to this idea.
